MY FAVOURITE SPEECHES

SPEECH 1: "TAKE IT EASY!" – HOW TO STOP GETTING AHEAD OF YOURSELF AND EFFECTIVELY LEAD YOUR TEAMS TO VICTORY.

Significant impulses that help you in an entertaining way to dissolve your unconscious blockages, master changes in your job and private life and to lead to a self-determined, successful life. This long-term investment creates motivated employees and happy customers.

SPEECH 2: "EFFECTIVE LEADERSHIP WITH AUTHENTICITY".

Authenticity is the key to a successful and long-term collaboration. Only those who are "real" gain the trust of colleagues and customers. Be yourself and show them who you really are. Develop a trustful communication with an interesting and engaging dialogue. Sustainable success today requires a "relaxed personality" and "professional persuasion!" These qualities are crucial in our modern VUCA world and are an absolute must when you are working with people.
